

Mid-Season Wagon Master Report

Mid-Summer rally schedule includes Andersen's RV Resort on the weekend of August 16th-19th. This rally is a Grand Children welcome Rally on the Long Beach peninsula ocean waterfront. Lots to do for both kids and old timers. Contact Bill Boice (wmboice@gmail.com) to get on the list and receive instructions for reservations.

THE SEPTEMBER RALLY LOCATION HAS BEEN CHANGED!!! This unfortunate last minute maneuver was caused by the abrupt and unwarranted cancellation of our reservations by Scott Cooper of Fidalgo Bay, in order to accommodate motorcycle enthusiasts for the Anacortes oyster run. Feel free to voice your complaints to Mr. Cooper, who no longer wishes to talk to me.

Faced with a real time crunch, we were bailed out by Wenatchee River County Park who was able to supply us with accommodations for 12 coaches on the weekend of September 20 thru 23. This park is located on the riverfront in the town of Monitor, on Highway 2 between Leavenworth and Wenatchee. There are many things to see and do in this area. Contact Bill Boice (wmboice@gmail.com) to get on the list and receive instructions for reservations.

Ramblin's from Roxanne

NEWS FLASH!! NEWS FLASH!! NEWS FLASH !!

September outing has been changed to Wenatchee County RV Park, Sept. 20 – 23. Call Bill Boice and Reserve your site now. \$30. Per night, the first night S non-refundable. You don't need to pay now but if You cancel you will still be responsible for the first night if we have reserved a spot for you.

The July outing at Howard Miller Steelhead Park in Rockport was wonderful. We could not have asked for better weather, or a nicer camp ground. We had plenty of room under the trees to gather, be out of the sun and even catch a little breeze. Seven rigs made the trip. In fact Mike is beginning to wish no one had taught me to drive the rig. I have now been able to attend the NWA rally in Coos Bay, followed by a trip back down to Bandon for a family reunion and then up to Rockport. I am hoping that soon he will be my navigator and come with me.

Hosts: Helen & Bill Boice

A little commercial, ladies if you do not already know how to drive your rig, now is the time. I never thought I would ever have to but that is not what happened. And then at this rally on the last night John Hurst had a seizure caused by an unknown factor and luckily Vicki can already drive their coach. So, you never know when an emergency will strike.

John is doing much better and has been placed on seizure meds and will be seeing his own doctor. It did add a little bit of drama to the last night and the next morning with ambulances arriving and leaving and sirens going off.

Thursday afternoon the snacks began arriving and most of us only went to find dinner late in the evening. Friday found different groups heading off to the local swap meet and exploring the area. Saturday we had the choice of the swap meet, farmer's market and the yearly fly-in and old car show to keep us busy.

Food never seems to be a problem with this group and Bill and Helen had sausage and French Toast for breakfast Saturday. Dinner that night was potluck with plenty of salads to go with our own meat. Of course, if Boice is there you know we had apple pie so I supplied the ice cream. We sat around until the bugs drove us all in.

Bill and Helen furnished muffins and fruit for breakfast on Sunday and it seemed like none of us wanted to leave. The Murphy's and Barker's stay around to be with Vicki in case she needed any help as John had been taken back to the hospital that morning.

I hope to see many of you next month at Anderson's by the Sea. Bring your grandchildren and we are going to try and have a kite flying contest. Looking forward to September, the theme will be "The Last Picnic of Summer" with the club supplying the chicken and the group bringing the salads, beans, and desserts. Don't miss this one as there is a terrific Farmer's Market in Wenatchee.
